

## Meet the Founder Series

Entrepreneurs sharing their experiences

David Keightley

*Mediaware Solutions: From Concept to Sale*

David Keightley co-founded and co-directed Mediaware with two other CSIRO Engineers.

Mediaware is a leading global developer and supplier of compressed digital video processing systems and solutions to the broadcast and defence industries.

In 2007, Mediaware was sold to General Dynamics. In this talk, David will outline the process from taking the initial concept through to this sale.
